

Designed with 120 positions providing a 3° swing arc so you can turn fasteners in tighter confines

Designed with two double stacked 60-tooth pawls for exceptional strength

Sleek head design enables access to tight spots where a ratchet will not fit

Universal socket style fits 6 fastener types

Chrome vanadium alloy steel (Cr-V) for exceptional strength and durability

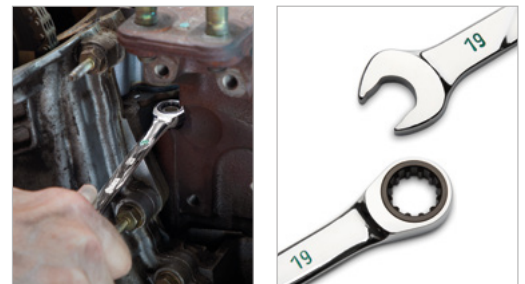

Sturdy wrench rack construction lets you easily carry your tools right to the job

SATA 120XP™ Combination Ratcheting Wrenches X6 Design Series

Introducing the SATA 120XP Combination Ratcheting Wrenches X6 Design Series, available in sizes 8, 10, 11, 13, 14, 17, 19 mm as a convenient 7-piece set. This new series boasts both, the functionalities of the award-winning SATA 1/2-inch drive 120XP professional ratchet and X6 design features. The new ratcheting wrenches come with the 120XP innovative head design with 120 positions and a 3 degree swing arc. Their sleek design and extra-long beams provide better access in confined spaces. With two double-stacked 60-tooth pawls, the new combination ratcheting wrenches series delivers unparalleled torque control and reliability, even in the toughest environments. Thanks to their universal X6 design, the new ratcheting wrenches fit six different fastener types, including standard and rounded hex, Torx®, square, and spline drives.

SATA ratcheting wrenches are available in standard metric sizes in a convenient 7-piece set. Perfect for any technician's, electrician's, or mechanic's toolbox, the high-quality 120XP Ratcheting Wrenches X6 Design Series are ideal for diesel mechanics, heavy equipment, agricultural machinery, auto repair; or removing heavily rusted, stuck-on nuts and bolts.

AWARD-WINNING FUNCTIONALITY

The SATA 1/2-inch drive 120XP professional ratchet has been awarded the prestigious World Tool Award in the Premium Class of the ratchets category. It particularly impressed the jury regarding performance and quality. These functionalities are now integrated into the latest addition to the SATA 120XP portfolio, the 120XP Combination Ratcheting Wrenches X6 Design Series.
